Mayor Erdmann would like to mention at this time, the city and all the city employees are a team. There are certain things you'll see like after the big snow storm, Public Works has done an excellent job and the P.D. has been out there helping. Behind the scenes of all the things that we do in the City, the Administration provides a lot of financial information and a lot of times we take that for granted because we don't necessarily see it, but see it on reports. I just want to make the record known that myself as Mayor and you as City Council greatly appreciate everybody that works for the city from the Administration to Public Works and the Police Department and he asks that we continue to support each other as we move forward.
